

## CITY OF LODI COUNCIL COMMUNICATION

**AGENDA TITLE:** Adopt Resolution Authorizing City Manager to Execute Purchase Order with Shape, Inc., of Stockton, for Purchase of Flygt Submersible Tailwater Pump (\$24,412)

**MEETING DATE:** January 5, 2011

**PREPARED BY:** Public Works Director

---

**RECOMMENDED ACTION:** Adopt resolution authorizing City Manager to execute purchase order with Shape, Inc., of Stockton, for purchase of Flygt submersible tailwater pump in the amount of \$24,412.

**BACKGROUND INFORMATION:** The Water/Wastewater Division utilizes the current tailwater pump to return collected summer irrigation and winter storm water runoff from the fields surrounding the White Slough Water Pollution Control Facility to the storage ponds. This pump is over 15 years old and is used extensively throughout the year. It has undergone significant repairs on two occasions and has become unreliable. Failure of the tailwater pump during certain conditions would result in wastewater discharges in violation of our permit if the irrigation or storm runoff were allowed to leave the property. Once replaced, the current unit could be used for emergency backup.

Three quotes were received from vendors specializing in this type of equipment. Shape, Inc., submitted the lowest responsive bid. Staff recommends Council authorize the City Manager to execute a purchase order with Shape, Inc., for the purchase of a Flygt submersible tailwater pump in the amount of \$24,412.

**FISCAL IMPACT:** The newer, improved Flygt submersible tailwater pump enhances operational efficiency and reliability.

**FUNDING AVAILABLE:** 2010/11 Wastewater Capital Outlay (172030): \$24,412
